### NEW! Community Connections

We created [Community Connections](#) as a place for Schwartz Center members around the world to connect with each other and with Schwartz Center staff about the work you do to advance compassion. By forging connections across our member community, we learn together and support our shared mission: to ensure compassion for all who give and receive care.

Bring your **creativity, curiosity, questions, and challenges** to these dynamic hour-long conversations with Schwartz Center members and staff. We'll talk about what it means to champion and implement Schwartz Center programs among different populations and settings, and how we can inspire and learn from one another.

Mark your calendars and join us for next month's session:
