A Conversation with Dr. Camara Jones

September 28, 2021 | 1:00 pm - 2:00 p.m. EDT

Please join us for a conversation with Camara Phyllis Jones, MD, MPH, PhD. Dr. Jones is a family physician, epidemiologist, and past president of the American Public Health Association, whose work focuses on naming, measuring, and addressing the impacts of racism on the health and well-being of our nation and the world. Her allegories on "race" and racism illuminate topics that are otherwise difficult for many Americans to understand or discuss. Recognizing that racism saps the strength of the whole society through the waste of human resources, she aims to mobilize and engage all Americans in a sustained National Campaign Against Racism.

Pulling Together, Breaking Apart: COVID and the Power of Community

Wednesday, June 30 | 3:00 p.m. ET

Please join Schwartz Center Chief Medical Officer Beth Lown, MD, for a conversation with **Nicholas Christakis, MD, PhD, MPH**. Dr. Christakis will discuss how the evolution of humankind has given us a suite of beneficial social features, including our capacity for love, friendship, cooperation, and learning – all fundamental to our collective sense of purpose and compassion.

Dr. Christakis is the Sterling Professor of Social and Natural Science at Yale University, Fellow of the National Academy of Medicine, bestselling author, physician, sociologist, public health expert and social network scientist. He is the author of many books including “[Apollo’s Arrow: The Profound and Enduring Impact of Coronavirus on the Way We Live](#)” (2020) and “[Blueprint: The Evolutionary Origins of a Good Society](#)” (2019).
