CORMAN IMPACT HONORS

Corman IMPACT Honors

The Corman IMPACT Honors celebrates healthcare members who are making a transformational **impact** through the **creation of programs or initiatives that promote compassionate, collaborative care** within their organization or system.

Whether your program has been around for years or last year's challenges led to the creation of something new, we know compassion has never been more important or more meaningful. If your organization is changing the way caregivers and patients give and receive compassionate care, we want to recognize your work and share it during our conference. Please note this opportunity is open to all staff at your organization. **Schwartz Center programs, including the Schwartz Rounds® , will not be eligible for recognition.**
